

Integrity and Excellence in Military Logistics®

FEDERAL DEFENSE INDUSTRIES, INC. WWW.FDI.US.COM

FDI is a California-based defense contractor specializing in the precision supply and support of American-made equipment, aircraft, ships, and vehicles for the United States Military and U.S. Foreign Military Sales (FMS) programs. FDI also manages the repair and overhaul of parts and equipment for military customers. FDI provides an efficient supply chain fulfillment service that enables our suppliers to focus on what they do best: producing the highest quality products for our Armed Forces, U.S. Government and approved U.S. Foreign Nation Partners.

CADILLAC GAGE VEHICLE SPARE PARTS

At Federal Defense Industries (FDI) we specialize in supplying you the exact part you will need to keep your Textron/Cadillac Gage Light Armored Vehicle in working condition. As a Textron Land and Marine authorized licensee, FDI maintains a technical library of intellectual property consisting of over 22,000 drawings in support of spare parts for the following models of Cadillac Gage vehicles:

LICENSING AGREEMENT

In 2010 Textron Marine & Land Systems, an operating unit of Textron Systems entered into an agreement with Federal Defense Industries, Inc. for the sourcing, procurement and sale of Cadillac Gage vehicle spare parts in support of Foreign Military Sale contracts. This license agreement enables FDI to manufacture, source and supply Cadillac Gage OEM authorized replacement parts directly to the United States Government. The agreement also allows FDI to manufacture, source, and supply OEM authorized replacement parts directly to city, county, state and federal agencies within the United States.
